

# **Games, AI, and Art in the Metaverse**

**Presentation by New Paltz Alum Frank Carey ('08, '12)**

**Wednesday, 10/12/2022, 6.30 PM**

**Science Hall 272 (SH272)**

The fusion of Game Technologies and Artificial Intelligence are revolutionizing the way that Art is created and experienced. Come learn about the advancements and what's happening on the front lines of this exciting space.

New Paltz Alum Frank Carey received his M.S. in Computer Science in 2012 and B.S. in Biology in 2008. Previously at **Sony** and **Vimeo**, Frank has spent his career creating technologies that bring people together. He is now the CTO and Game Director at **Fable Studios**. Join us for a talk on topics like AI, Digital Twins, Games, Metaverse and beyond.
